Michael Chapman

(304) 887-1742 | chapmanm305@gmail.com | github.com/MichaelChapman305

EDUCATION

freeCodeCamp   **September 2017 – January 2018**
Front End Development and Software Engineering Track
- Completed 10+ projects including a recipe manager, URL shortener, and markdown previewer

Marshall University, Huntington, WV   **Fall 2016**
Bachelor of Arts in English, minor in Philosophy
- GPA: 3.30 / 4.00

PROJECTS

GiphTalk   **May 2018 – present**
- Currently developing a real-time messaging mobile application using React Native and the Giphy API where friends communicate with each other only using GIFs

Nesti   **March 2018**
- Built a chrome extension that displays the estimated reading times for articles of popular news companies such as the New York Times and Times Magazine
- Used the Readability library from Mozilla to accurately parse the word count from articles

Opportune | opportunecareers.com   **February 2018 – March 2018**
- Developed a search engine for finding software engineering careers by parsing 2300+ jobs from well-known technology companies via their career pages hosted on Lever and Greenhouse
- Created email subscription service that sends new jobs to users every week using Mailchimp
- Implemented UI features including search tokens, job fetching, loading state, and overall page architecture

WORK EXPERIENCE

Max and Erma's, Huntington, WV   **July 2016 – March 2018**
Waiter
- Provided excellent customer service to guests and trained new waiters to perform necessary responsibilities

River Expeditions, Fayetteville, WV   **May 2017 – September 2017**
Rafting Guide / Bartender
- Coached and led 20+ white water rafting trips down the upper and lower New River
- Earned Class V white water rafting certification after completing intensive training
